Confidentiality Agreement- Revised September 2023.docx; Potential Auditor names.docx;

Hello Lindita,

Please consider the names on the attached document as your potential list of panel members for your upcoming College Quality Assurance Audit Process, each with a short paragraph on their current employment status or most recent work experience.

I would ask that you select a minimum of six (6) names out of this list to participate in the auditor training. Although six (6) names is the required minimum, it would be greatly appreciated if you would be willing to consider leaving eight (8) names in order to have the opportunity to extend the training to a bigger group.

The only requirement when selecting names is to choose at least two (2) from the group of names highlighted. They are external to the Ontario College system and the audit panel selection criterion requires that one (1) of the members be external.

Find also attached the Confidentiality Agreement the potential panel members will be signing.

Looking forward to receiving your selection no later than the end of day **Friday October 24, 2025**.

Don't hesitate to contact me if you have any questions or comments.

Best,  
Karen
